Question from Alderman Roger Brooks to the Planning and Economic Development Portfolio Holder (Cllr Murphy)

“There are presently eight undecided planning applications relating to land in the A6 corridor within the borough boundary totalling in excess of 800 new dwellings. It is well known that there are significant issues of capacity along the A6 specifically affecting Junction 1 of the M55. The study commissioned to determine the limit of capacity has not been published. Assuming that capacity is assessed at less than the 800 houses that are in the planning pipeline what yardstick will officers apply in deciding which application or applications will be recommended to the planning committee for approval?”
