**15 Statement of Accounts, Capital Financing and Revenue Outturn 2014/15 (circulated as a separate document)**

The Corporate Director of Resources presented the report and referred to the Appendices numbered 1 to 4b explaining their relevance and the Executive Summary included within the Statement of Accounts, as part of the Explanatory Foreword.

As in previous years, in order to assist with the interpretation of the report and to demonstrate robust Member scrutiny prior to approval, a set of Questions and Answers were provided to Members at the meeting, which highlighted key issues. (Those questions and answers are available on the following link).

Members raised questions and made comments at the appropriate time, as the Statement of Accounts was considered, supported by the questions and answers document.

The Corporate Director of Resources thanked the Finance Team and all officers across the Council, who had helped to produce the accounts, for their enthusiasm and commitment to the one team one Council ethos.

She added that the timescales were already fairly tight and over the next couple of years would become even more challenging, requiring the published accounts to be approved by 31 July.
