**To:** [REDACTED]

**Cc:** Cllr Henderson, David <[David.Henderson@wyre.gov.uk](mailto:David.Henderson@wyre.gov.uk)>

**Subject:** Re: Variation Application for Cube Bar , Breck Road, Poulton

Morning [REDACTED], on behalf of the residents of Prudy Hill, whom are constituents within my Ward, I am very concerned about this Application.

The original closing time for this outdoor space was 18.00hrs which has never been adhered to and this further extension will impact even more on the residents through the noise alone and their amenity.

I would like to strongly object to this extension being granted.

Kindest regards, Peter.

**To:** Barrett, Niky <Niky.Barrett@wyre.gov.uk>  
**From:** Thow, David <David.Thow@wyre.gov.uk>  
**Sent:** Wed 19/08/2020 14:02

Niky,

The rear yard at this premises was subject to a planning condition (below)

2. The use of the rear yard hereby permitted, shall only be used between the hours of 9am and 6pm (0900 and 1800). There shall be no customers in the yard at any other time.

I am not aware of any planning application either past or current to modify/amend this condition, and therefore Planning objects to the proposal to extend the use of our outside licensed beer garden from 9pm to 10pm. It is considered that, in the absence of any evidence to the contrary, such an extension beyond the existing permitted times would cause unacceptable harm to the amenity of the residents and occupiers of adjacent and nearby properties.

This is to confirm that we strongly object to the application to extend the beer garden licensing hours to 22.00 hours on the grounds that an increase in hours will cause further public nuisance.

This beer garden is not situated in a country pub, it is surrounded by residential properties. The later the beer garden is open the worse the noise amplifies into our homes.

Regards

Ron and Jean Preston

Dear Sirs

I am writing on behalf of my mother Maureen Shemilt who lives at number [REDACTED] Prudy Hill. Mum wishes to object to the above due to unreasonable levels of noise which are spoiling any chance of peace and quiet in her own home. Her Home backs onto the Cubes Rear Seating area. She didn't initially object to the higher wall built by the cube as she thought wrongly it might reduce noise levels from customers using the rear area. Unfortunately the opposite is truth and noise levels have increased as more people frequent it.  
When the Cube opened the rear area to customers it had a closing time (not license)of 6pm which was never adhered to. This was extended to 9pm and now they want the new proposed time of 10pm. This is totally unacceptable and this increase in hours will cause further public nuisance.

Yours Faithfully  
Maureen Shemilt

This email is from an external email address

Do not click any links or open attachments unless you know the content is safe.

Never disclose your user details or password to anyone.

Good afternoon

We are residents at number [REDACTED] Prudy Hill and have some concerns about the work carried out at The Cube, included in the planning application.

The planning application and works carried out so far mean we now have a very high wall at the back of our garden, which we do enjoy as much as possible, now the view is almost prison like and stops the light in our garden. The natural light is important to us, we love our time in our garden and more so during the last few months when we've not been able to visit friends and family or go out, yet the natural light from the sun is worse now than ever before, we will probably not see any natural light in the spring sun until much later in the day due to the height of this wall.

We also don't agree with the application of an extension of licence laws in the rear beer garden, we have serious concerns about this and the current 9pm licence law is late as it is and not really the official closing time. There was a day recently that at 5.30pm a fight broke out in the new garden; no staff were in attendance and no one to stop the fight. Fights will happen when people are not supervised but encouraged to drink alcohol all day and through to the night. I believe the actual licence for this premise is 6pm, therefore we would like to know why they are allowed to continue to 9pm with no questions or closures, clearly a breach on behalf of the council and police.

Knowing how things develop in there, believe me, we hear it all, I do not see how a 10pm licence would be beneficial or helpful. They do not staff it, people get rowdy and argue and fights break out and the noise levels increase as the drink flows and the garden fills up.

The garden planning permission makes way for an all year round garden now, therefore where before we had to put up with noise and fights until 9pm for about 5 months of the year, they are proposing 12 months of the year until 10pm! It is not acceptable, and these houses were here long before that beer garden, therefore if anything should be considered, it is the impact The Cube is having on residents' lives.

Kind regards

Vicky and Gary Jones-Boast

To whom it may concern:

We wish to register our objection to the Cube's application to extend the terminal hour to 22.00 hrs for use of the beer garden. The noise level, with the increased capacity of the beer garden, is already intolerable and an increase in hours will cause further Public Nuisance.

We request that we be represented at the Licensing Meeting by Councillor David Henderson.

Barbara Yates and Howard Jordin

Dear Mr Fletcher,

I wish to lodge an objection to the above-mentioned application. The grounds for my objection are that my property is separated from the Beer Garden area by a passage that is a mere 1.6 metres wide. The increase in the noise level occasioned by the new arrangements made by The Cube is already unacceptable, and to extend the terminal hour for use of this area would have an intolerable impact on the lives of the residents of Prudy Hill, causing further Public Nuisance.

Yours sincerely

Arthur Griffiths

\*\*\*\*\*

Dear Sir/Madam,

I am writing as I have heard that the Cube Bar in Poulton-le-Fylde would like to extend the license for the beer garden until 10pm and I support this.

Firstly, due to Covid-19 many businesses have been affected and I think that it would be a great shame not to help businesses right now have a safer environment for people to enjoy. By keeping the beer garden open later, it enables more customers to stay outside in fresh air for longer.

Secondly, I feel that people enjoy a beer garden and the local community would appreciate having this open slightly later.

Finally, I hope the Cube Bar beer garden will stay open until 10pm as I know how much people will appreciate and enjoy this.

Many thanks.

Kind regards,  
Alice Singleton-Hardy

Hello,

I support that the Cube Bar beer garden should stay open until 10pm. So many people are put off going out right now and I think it would be nice as people will find this a safer to be outside and it would also be good to have some nice news in the area.

Thank you,  
Ashley Smith-Brown

Dear Sir/Madam,

We are writing to support of the Cube Bar Beer Garden, we are a local family and we think it is a really good asset to the community of Poulton-Le-Fylde. It is a family friendly beer garden serving food until 9pm which is a safe environment for families their booths hold up-to 6 people and they monitored by staff, we think it's an excellent safe way for our family to dine outside where we feel it is much safer than dining inside with the present Covid fears.

Yours sincerely

Mr & Mrs Kenyon

\*\*\*\*\*

Dear Sir/Madam,

I would like to offer my positive thoughts re the Cube Beer Garden. I think it is of great benefit for the local community as it offers family friendly eating / socialising facilities in outside booths.

The cube staff monitor the beer garden & bring food & beverages to the booth tables; they have excellent policies, procedures of recording information for anyone booking a table on their app. Staff greet people on the door taking customers directly to the booth seating in the beer garden; it is evident that visiting customers are of paramount importance to the staff at the Cube and the family friendly atmosphere is a credit to them.

I think the Beer Garden is an excellent asset to Poulton-le-Fylde that can be enjoyed by local families in a safe friendly contained area offering family friendly outside booths.

Kindest Regards

Mrs B. Mellor

\*\*\*\*\*

Dear Sir/Madam

I am emailing today in support of the cube bar in poulton and in particular their beer garden. They have made some truly amazing modifications which make me very comfortable to go out and socialise safely in these uncertain times.

They have safe 6 seater sheltered booths kitted out with heaters and they have a really user friendly and safe app which allows customers to order drinks and food straight to the table delivered by PPE using friendly staff.

For all of these reasons and many more I think the cube bar is a shining example to all in the industry and is providing safe forms of socialisation which I know is keeping me and many of my friends sane after such a long period of isolation.

I hear they are looking to extend their opening hours for the beer garden and I personally think this is an incredible idea. I hope you will recognise their fantastic work to improve their facilities and their care towards their customers and reward that by approving the request.

Thank you.

James Cunliffe.

To whom it might concern,

I would like to email my full support to Cube Bar in Poulton on their intended Extension of their New beer garden closing time of 10pm.

I was absolutely astounded by the changes during COVID-19 lockdown that Cube did to their beer garden and the rest of their premises. They have gone above and beyond in keeping and making the people of Poulton feel safe and happy whilst enjoying a beverage or two and some food. This is just what the people of Poulton needed, somewhere safe to eat and drink.

I personally attend Cube 3-4 times a week with meeting friends, family or just a quick coffee with my beloved pooch. They really do cater for all especially now they have built the most amazing beer garden. I feel like I'm sat in a city bar aboard except it's much calmer and quieter. I've personally had the experience of ordering some food at 8.30 and having to take half of it inside. It seems such a shame you can't enjoy such a beautiful setting for just a little bit longer.

I personally don't think 10pm for such a great, busy bar in the centre of a town is late at all. I know different bars, which are no where near as safe as Cube bar have been granted a much later outside closing time.

We should all be supporting local business in this unprecedented times.

Many thanks

Joanne Wilson

11/09/20

Dear Sir or Madam

My Partner and I would like to support the Cube with the request for an extension to its hours for food and drink outside in the beer garden.

We feel that the Cube provides an important service to the local people at this difficult time. The Cube has taken all precautions to prevent the spread of the coronavirus: including a lot of work to the beer garden (a costly expenditure) that needs to be recuperated.

We go to the Cube regularly, whilst there we feel safe as there is space and the staff are very careful. If the Beer Garden hours were extended we would have more time to enjoy our evening outside in this safer environment.

Once a week we take my partners mother (she is in her 80's and vulnerable). We can sit outside in the new facilities and enjoy a bit of normality. Both my partner and myself work and having that extra time in the Beer Garden in the evening would allow us to do this.

The Cube's food is excellent and the service extremely good.

I feel that it is important to support our local businesses. The Cube definitely should be applauded for embracing the requirements needed to combat the spread of coronavirus. This includes the work carried out in the beer garden. An extra expenditure that does need to be recuperated (it is a difficult time financially for all businesses).

The Beer Garden provides a safe place to enjoy an evening out. Extending the hours of the beer garden will help to support the Cube in providing an important service to the locals.

Regards

Nick Ratner

\*\*\*\*\*

Dear Sir/Madam,

Saddened to hear of venue closures round the Breck. One of the places I visited last week was Cube Bar Beer Garden and it was a really nice experience being able to go out and enjoy a lovely family friendly venue in these difficult times we're living in.

The staff were attentive bringing food & beverages directly to the booth, great idea and I think it is a positive thing for Poulton and local people living in Wyre & Fylde to benefit from being able to take the family and enjoy eating food in an outside booth / garden. I hope I will be able to enjoy more of the same soon.

Dear Sir/Madam

I am writing to ask you to consider extending the hours of business at Cube bar in Poulton from 9pm till 10pm.

We have visited this establishment since reopening and were amazed at the attention to detail and safety measures introduced since the lockdown, particularly in the garden. We felt completely safe and well cared for and would really appreciate being able to eat outside at 9pm.

We absolutely understand that after this time it may be a problem for the neighbours, but haven't experienced any problem noise. We are an older couple who feel safer sat outside and strongly feel the Cube bar have done everything possible to welcome us and keep us safe.

Regards

Dear Sir/Madam

Please take this email as my support of the Cube Bar and their application of extended opening times of their beer garden. Cube Bar have made customers and staff feel very safe and secure throughout their premises including their beer garden. Me and my partner go to cube on a regular basis and always feel very safe. We usually use the outside area as this is where we feel most comfortable in these unrepresented times. If the opening times are extended we feel that we would be able to stay until 10pm and help support the local business of the Cube Bar.

Kind Regards

Rob Parkinson

Mr & Mrs P. Cunliffe  
[REDACTED]

Dear Wyre Borough Council

We are writing in support of the Cube Bar and Restaurants

We very rarely go out but when we do we always go to the Cube because of all its incredible efforts they have put into COVID Protection

In the main restaurant they have partitioned every single table and so professionally you feel completely safe. It is so cleverly done that it's almost invisible.

The rear garden has been incredibly transformed into individual compartments that line the walls, almost like railway carriages, again giving a feeling of complete protection from the COVID virus.

We have used their CUBE APP and have ordered our food, coffees and drinks, selected our seat area and we look forward to our only trip into Poulton, except for grocery shopping.

On arrival we have been greeted courteously and asked if we know of our seating area, the staff are wearing full face shields and nothing is too much trouble for them. The personal waiter service gives a feeling of going back in time when the individual customer really is appreciated.

We feel that this company have taken the COVID restrictions very seriously and have indeed invested heavily into protecting their public.

Also their dress code has been raised and therefore eliminating a certain type of character that perhaps could be problematic. Therefore being able to dine until 10:00 pm does not seem unreasonable, quite often we like have a pause for conversation before we order a desert, and chatting does while away the time. Being rushed away, by government orders, would truly damage the sense of occasion of 'Going-Out'.

At the first lockdown earlier in the year, this company, The Cube, provided hot meals to those in need, FREE OF CHARGE.

This in itself is proof of a company dedicated to Poulton and we feel that we should show our support for this Poulton family.

The Cube has supported other Poulton events, Remembrance Sunday, Poulton Gala, and even the flowers on Poulton Train station are supported by them

Whatever restrictions you want to apply, please think of all their staff which will become unemployed, and remember The Cube is also an attraction for out of town visitors who arrive on they train, bringing more benefits to Poulton.

Other venues come and go in Poulton, but the The Cube has stayed and changed with the times. We look forward to many more years of visiting The Cube, especially if the 10:00 pm restrictions could stay in place for the outside dining.

Yours sincerely

Mr & Mrs Peter Cunliffe

Dear Sir / Madame,

I wish to express my support for the extension for the Cube Bar Kitchen beer garden license until 10pm.

I live and work in Poulton le fylde, and I, like many others in this community have had a particularly stressful few months, I was advised to shield for twelve weeks due to my heart condition and since lockdown has been lifted I have had to be extremely cautious in regards to socialising. I can honestly say that the Cube is the only venue in the area that I have felt safe and at ease, I even brought my elderly auntie in for dinner and we sat outside and had a really lovely experience.

I honestly think that extending the beer garden license, especially in these difficult times would be an enormous benefit for people like me, I've seen other bars and restaurants pushing outside seating and I think this is a fantastic idea, surely sitting outside in the fresh air is better than cramming as many customers into one place?

One thing I very much appreciate is hardworking staff going over and above what is expected to make sure we are safe and comfortable and it seems like extending the beer garden licence would be a massive help to the business, being able enjoy being out a little bit longer and not having to rush my dinner to be out before 9pm, which really is what we should be encouraging after the almost catastrophic financial hit hospitality businesses have suffered.

I sincerely hope you take my opinion into consideration,

Kind Regards,

Thea Stevens

Dear Sir/Madam,

I am emailing to show my support of Cube Bar in their application to extend the beer garden licence to 10pm.

I feel safe with the measures they have put in place when I have visited in particular in their beer garden. The outside space includes individual booths, protective screens and a secure outside area that all contribute to a very safe environment. Strict hygiene measures are also in place and adhered to helping me to feel comfortable and safe.

The extended opening times will help support the local economy where Cube Bar plays a vital role in the community, supporting jobs and other businesses.

Kind Regards,

Heidi Bowley

Dear Sir/Madam

I am emailing to show my support of the Cube Bar application to extend the beer garden licence to 10pm. I feel very safe with the measures they have put in place throughout the building, in particular their beer garden. In which the individual booths, protective screen and being an outside area contribute to a very safe environment.

The extended opening times will help support Cube Bar and therefore help protect jobs and trade within the local community.

Kind Regards  
Taraneh Razvand

Dear Sir/Madam,

I am writing to you today to show my support to the Cube Bar Kitchen in their application to extend the opening hours of the outside area. They have put some great measures in place to ensure the safety of their customers. I feel the safest in their establishment compared to the others in Poulton-Le-Fylde.

I particularly feel the most comfortable when I'm sat outside in the beer garden. They have screens up between the booths and I noticed that the staff members are very thorough when cleaning the tables. I feel that when I'm there, my safety is the main priority.

Opening until 10pm I think is a completely reasonable time and in fact think that it is a brilliant idea as I would much prefer to sit outside during these times.

Kind regards  
Esther Warnes

From Darren Nelson

01/09/20

I am writing with regards to the application from the Cube poulton for an extension of there licencing hours .

Since the Cube opened at the start of the new millennium , it has provided , a great venue for the community , from casual diners , to people wanting to let there hair down at the weekend , and was the catalyst for the emergence of all the current restaurants and bars located around the town ,without this vision IMO the town would be like many others consisting of Charity shops and gambling establishments .

The owner of the venue , over the past '[ i believe 20 years ,] has kept re inventing the venue , and was quickly off the mark to identify and implement safety measures that are now in place , extra staff , cleaning stations , a phone APP to order food and drink , the seating arrangements internally ,with protective screens , and the outdoor covered " beer garden " which in these uncertain times , i guess came as a financial risk to undertake .

The outdoor area is a great space , we really enjoy dining there , it is safe , and well presented . i would encourage the committee to grant any application for an extension of the permitted hours , as the space is just what the community needs at this present time .

It is important to fully support local entrepreneurs , especially as nobody really knows what the future holds in the hospitality industry , and i reiterate , not many corporate institutions are investing at this present time , the owner of the Cube , not only is investing in safety , increased staffing , and trying to now future proof the venue , they deserve our fullest support .

Regards Darren Nelson

Licensing officer

During the beer garden renovations We were approached by miss Mellor asking if we had any concerns for the conversion of the beer garden into covered booths.

We stated our only concern would be loss of light to our garden with the height of the wall. Miss Mellor explained that after talking to all the Prudy hill residents they had wanted a higher wall to reduce noise from the garden. We agreed to go with what the majority wanted as long as the wall wasn't higher than the agreed level.

The cube took our concerns in to account and the wall is at the agreed height. This alteration has all but eliminated noise from cube even at peak times.

As a business we have used the beer garden since we opened in 2017 on a regular basis for after work drinks, business meetings and lunches.

There is no where in Poulton comparable and in these uncertain times the booths offer a safe and comfortable environment for us and our many clients, many of whom comment on what a great set up and experience the cubes garden provide. It is an asset to Poulton

Antonia Duddle

07/09/2020

Dear Licensing Manager

I am writing today to show my full support of cubes beer garden licence extension from 9pm to 10pm. The garden is a fabulous addition to Poulton and could not have been done at a better time.

I felt nervous about eating out anywhere after lock down, but Cubes garden is fabulous as the booths are sectioned off from all other tables.

My dad's garden backs on to the Cube and since the work has been completed, I can't hear noise from Cube at all. We have no objection to the licence extension or the plans that cube have submitted and wish them luck.

Kind regards

Antonia Louise Duddle

To whom it may concern,

Please accept this letter of support for The Cube's recent application for the extension of the operating hours in the beer garden. With the current situation all local businesses are facing, it is more important now than ever to support them. By allowing The Cube to end its business hours in the beer garden, it would allow more customers to be safely served for longer.

Regards,

DARREN HEWSON

Dear Sir/Madam,

Please accept this letter in support of The Cube's application for the extension of the licence for the use of the beer garden. This extension would allow a local business to remain operating at a safe level during this current Covid-19 crisis. I would like to add, that the measures put in place at The Cube have been outstanding. The staff have worked tirelessly to ensure the restaurant is safe for customers throughout their experience there. They are a true example of what businesses should be doing and the additional time the beer garden could operate in the evenings would allow The Cube to recover from the devastating period of lockdown, where they were not able to open.

Regards,

Andrew Singleton

Dear Sir/Madam,

I would like to take this opportunity to write to yourselves, declaring my support for The Cube in its application for the extension of the current licence, for the provision of food and drink in the beer garden. As a regular customer of this establishment, I believe this extension would allow a well-loved community business to remain operating at a safe level during this current Covid-19 crisis. All local businesses should be supported during this extremely challenging time. Please accept this letter of support towards their application.

10.09.2020

Dear Sir/Madam,

Please accept this letter of support for The Cubes bid to extend the operating hours of the beer garden. As a regular customer, I have witnessed the extensive work they have put into ensuring the beer garden is extremely safe for customers to eat. By allowing full use of the beer garden during the extended hours, The Cube would be able to have more customers in per evening. Thus recovering some of the income that was lost over the lockdown period. We should be supporting local business in whatever ways possible during this trying time.

Respectfully,

Philip DURREDEW

Dear Sir/Madam,

I am writing to lend my support to the Cube in its application to extend the current license, for the consumption of food and drink in the newly refurbished beer garden. With the global situation of Covid-19, as it currently stands, it would only be appropriate to allow The Cube to have customers enjoy their meals, with increased safety, in the beer garden. Currently, capacity for customers inside the venue is limited, for obvious reason. By allowing use of the beer garden for extended hours, you would be helping a local business to remain intact amid this currently devastating time.

Yours faithfully,

*Amy Crisp*

Sir/Madam,

Please accept this letter of support for The Cubes recent application to extend the operating hours of the beer garden.

As we are all aware local businesses have suffered with the recent Covid-19 crisis. The Cube is a pillar of our community and we should all be looking to help local businesses. I believe the extension of business hours for the beer garden would allow The Cube to increase their capacity for customers in a safe way, enabling them to recover some of the lost income.

Respectfully,

Dear Sir/Madam,

I am writing to lend my support to the Cubes recent application to extend the hours of their beer garden.

I regularly frequent this bar and find it is a high standard local restaurant. As everyone recovers from the effects of the global pandemic situation, extra efforts should be in place to support local businesses. As the Cube has exhibited a keen ability to ensure customer safety, I think it is right to allow them to increase evening customer capacity by allowing the consumption of food and drink in the newly refurbished beer garden.

Warm Regards,

*Geoff Cusp*

Sir/Madam

Please accept this letter of support for The Cube's beer garden extension of hours application.

I am a regular customer of this bar and restaurant. The staff have been working extremely hard recently to ensure the place is a safe environment for all of its customers. I think it is only fair to allow them the opportunity to increase the capacity in the evenings, by opening up the beer garden for longer.

I hope you consider the application carefully.

Yours sincerely,

Dear Sir / Madame,  
I wish to express my support for the extension for the Cube Bar Kitchen beer garden license until 10pm.

Over the duration of the past few months working in the service industry and trying to maintain the social distancing measures and the procedures in place has been a huge change and a steep learning curve, I find the most relief of this to be in a beer garden outside environment similar to that of cubes outside courtyard garden.

I feel it delivers a more safe way to distance whilst still providing a good experience, I know many others feel safer in the outside settings so extending the license would be hugely beneficial

I sincerely hope you take my opinion into consideration,

Kind Regards,

Em Curphey :)

To whom it may concern

As a member of staff at the cube bar poulton I would like to stress my support for the extension of our beer garden to stay open until 10pm.

This extension would really help in our food service in the evening. aswell pleasing the customers. Quite often they want to sit out there and eat but because we stop serving food at 9 and we have to start clearing the area at 8.30 a lot of them are very disappointed as they aren't able to make use of the area.

A lot of the customers also find it a lot safer as it has a big open space so at the moment they feel better to be out there instead of inside.

I really hope you take my view into consideration as I honestly feel it to be a big asset to the community of Poulton-le-Fylde

Kind regards Wendy Greenaway Food manager the cube bar kitchen

To whom it may concern,

I am writing to show my support for my employers, cube bar kitchen, request to extend the license for the beer garden to 10pm.

The beer garden is a great asset to the community. I get a lot of positive feedback from all of the customers who enjoy spending time outside. When we move customers inside I get asked why and told it's such a shame the beer garden is going to waste especially if the weather is still nice. The cubes beer garden is very private and having all the sheltered booths and being enclosed makes it quieter than before so it shouldn't cause any problems for the few local residents. Most beer gardens in poulton are open late it would be great if the cube could stay open a little later.

With all the new covid regulations we have in place we have lost a significant amount of seating inside the building so have the extra seating outside has helped in these difficult times.

I hope you will grant their request.

Thank you for taking the time to read this email.

Laura Kay

Good Afternoon,

I would like to show my support towards the Cube Bar & Kitchen's application to extend the hours in their beer garden.

The Cube has been a big part of my life for the last 10 years, I worked as a member of their bar team from 2010 – 2015 and after leaving have continued to visit as a customer regularly. I now have a 1 year old child and I can honestly say that the Cube is the only venue that I feel safe enough to visit since the lockdown restrictions have been lifted. The outside area is spacious and comfy and I love that you can order food and drink through their app system without leaving your table. We also have a Dog so when we come out to eat as a family the Cube outside area is perfect for us with a pram and dog in tow!

Working for the Mellor family for 5 years I would like to mention that they go above and beyond to be exceptional employers. They were incredibly supportive during my time working for the company and they are all very hands on with the day to day running of the venue.

The beer garden, it seems to me really helps this business thrive and during these unprecedented times we should be supporting local businesses as much as possible. 10pm seems to be a reasonable time to close, especially when you factor in other local businesses that have outside areas that are open considerably later than this. I sincerely hope that their request gets granted.

Many thanks,

Sarah Shaw

\*\*\*\*\*

Dear sir/ madam,

I am emailing to show my support for the beer garden within the cube in Poulton and my support for the extension of the opening until 10pm.

Since the end of lockdown the cube has been one of the venues where I have chosen to visit because of the measures they have taken. Every time I visit I always feel safe as when I enter I can have very limited contact with others. The booths are all sectioned off well and the use of the app means that I can get fast service without putting me or the staff at risk. I especially like sitting in the beer garden as the new booths ensure I can social distance from others.

I feel opening the beer garden until 10 would be a reasonable time. Before lockdown me and my friends used to go the the elk, which is open considerably later. However we now choose to visit the cube now as the measures taken make me feel like I'm in a safer environment to socialise.

I hope you will consider the points I've raised when deciding the outcome,

Kind regards,  
Honor Jackson

Dear Sir/Madam

I truly believe the extension of cubes outside area open hours would be an fantastic asset to Poulton. I am emailing today in support of the cube bar in poulton and in particular their beer garden.

The cube bar has helped to created some normality back into the lives of everyone in our community. Their safety measurements are fantastic, and they provide an example of one of the very few places where socialising with friends and family feels safe and comfortable. The extension would mean more available spots as the cube can become fully booked very quickly, therefore the opening hours for the beer garden would create a larger safe space for people to enjoy.

The time, effort and care towards customers health and safety brings the community together, even in a time when we can't be physically together.

Thank you.

Georgia Cullinane

Hi,

I'm emailing you today regarding the cube beer garden, it's a lovely and enjoyable space with kind and attentive staff. The cube allows dogs in the beer garden, which is extremely convenient for me and my family. Our only issue is, I Finnish work at 8 and it's only open till 9 giving me a small amount of time to have a drink after work and walk the dog at the same time. I can also sit outside in the fresh air for longer, decreasing my covid stress, my family would prefer to sit outside because my mother has COPD so she has to distance herself further and it's the perfect spot for her to do so. It's such a quiet and lovely little area and it would be great to see it open longer. I would also like to compliment the cube further in saying that they have nailed the social distancing measures and I feel really comfortable drinking here free of worries. All the staff are polight, friendly and hard workers despite the current pandemic.

Thank you.

Kind regards  
Kaylub p.

Dear Sir or Madam,

I am writing to you in strong support of the Cube in Poulton extending the opening hours of its beer garden.

I know I don't have to tell you that at the moment, the ability to socialise outdoors is incredibly important. I appreciate government guidelines currently have the same restrictions on indoors and outdoors, but for many of us outdoor spaces have and will continue to be a lifeline during the pandemic - especially those, like Cube's, which allow us to do so during the impending colder months.

Cube has made some incredible modifications throughout to ensure its customers are safe, but in particular to its beer garden. It is safe, socially distanced, and noise levels are always minimal due to their being no music out there. For this reason and many others I feel that granting an extension to its opening hours would provide a much needed lifeline to the people of Poulton-le-fylde, and perhaps will help one of our most longstanding and respected businesses remains successful against the terrible backdrop of this pandemic.

I also think it's important to recognise that Cube is not just a place that is popular with people drinking at a weekend; it has for a long time felt very much at the heart of Poulton-le-fylde with a wide range of people from the town for a variety of different reasons.

Yours faithfully,  
Laura Cullen, [REDACTED]

Dear Sir or Madam

Myself, my grandad and my 80 year old great nan visited the other day to the beer garden and we were amazed at their post covid improvements. We've visited other venues across poulton but nothing comes close to the safety and professionalism of the bar staff. We had a safe, great socially distanced experience that we'd recommend to anyone coming into the area. All staff had full ppe, all booths had protective visors to separate tables, it was like boris himself had approved this place first hand. My great nan has even written a letter to our mp to express how safe she has felt. The only qualm was that she had to leave early... 9pm i believe, i hear that the restaurant is trying to extend these hours and i would like to put my name, my grandads and my great nans name forward in support of extending the licence, if possible.

Thank you.

Yours sincerely

The Cavanagh family.

Subject: Support Cube Bar Outdoor Area

\*\*\*\*\*

This email is from an external email address Do not click any links or open attachments unless you know the content is safe.

Never disclose your user details or password to anyone.

\*\*\*\*\*

Dear Sir/Madam

I am emailing today in support of the Cube Bar & Kitchen, based in Poulton-Le-Fylde, plans to extend the opening hours of there outdoor seating area. The hugely improved outdoor seating area has made my partner and I feel so much safer to go out and have some food and drink in a socially distanced setting. It's a great chilled atmosphere that makes you feel safe and quieter than other beer gardens due to no music or entertainment outside. They have done a great job and have thought of everything the public needs to feel safe and have a nice evening whilst always keeping the safety of themselves and the public as a priority.

The owners and staff of the venue have made so many other improvements (that I have noticed) that have made me much more at ease to visit with my partner. I think If they are allowed to extend their opening hours, of the outdoor area, it will not only improve the venue but it will improve Poulton-Le-Fylde.

Their staff have been great since the restrictions were lifted in early July and they've always made us feel safe with their correct use of PPE and social distancing. The new app and table service has made purchasing food and drinks much more convenient. I feel it would be a shame to prevent a local business from improving itself and the town.

Kind Regards  
Shane Miller  
[REDACTED]

Concerned REP 49  
Regulars  
and friends  
14-9-2020

Dear Sir,

I write as a result of a possible night time restriction on the beer garden at the Cube, Breek Road, Louton. This relatively Covid safe attraction is a welcome haunt for the regulars (such as myself) who prefer the outdoor freedom from the close contact indoor scene with its inherent risks, its booths ensure strict social distancing can be adhered to without fuss, I understand the issue over noise is the problem, however, this can be mitigated by a few well placed signs requesting the clientele to respect the neighbourhood and its elderly community.

Concerned  
Regulators  
and friends

I, along with many others, would be saddened if more restrictions were to be placed on one of the few remaining eateries where a drink and a meal can be enjoyed alfresco and with your own personal overhead heater, Bliss // you have to experience it to appreciate.

Please please consider the hard pressed nightclubbers already suffering the local closure of nearby bars and clubs, it must be a lot quieter in and around Poulton as a result.

In my view three months of Lockdown silence and the return to normal has come as a shock to the local

residents

Yours Sincerely
