Re: - Application for a Premises Licence at
Valiants Farm, Lancaster Road, Out Rawcliffe. PR3 6BL

I am writing in support of the above
application. Out Rawcliffe is a 'dive through'
village with no centre and no village hub.

This would be a wonderful addition
to a village that has nowhere for the
young people of today to go or indeed any
age group for that matter.
All round entertainment would be beneficial to
the whole community.

Since Mr Wallace has lived in this village
(some 25 years I believe) he has bought and
improved several properties, including the site of
the above application. Everything he does
is to the highest standard and I believe
this project will be too.

He has created a lot of employment
(much needed post covid) both in his
plastics recycling business & various
building works and I firmly believe
his project should be encouraged
and granted

Yours Faithfully,
D.M. Gardner (MFS)
