## **Schedule of Revisions to the Wyre Local Plan (2011-2031)**

The Wyre Local Plan (2011-2031) was adopted on 28 February 2019. It contains Policy LPR1, which requires the early partial review of the Wyre Local Plan (2011-2031) commencing before the end of 2019 and with submission of the review for examination by early 2022. Policy LPR1 sets out three clear criteria. Taken together these form the scope of the partial review of the Wyre Local Plan. The specific matters to be addressed include the following:

- 1) An update of Objectively Assessed Housing Needs.
- 2) A review of transport and highway issues taking into account:
  - i) housing commitments and updated housing needs;
  - ii) implemented and committed highway schemes;
  - iii) the scope for sustainably located sites where the use of sustainable transport modes can be maximised; and
  - iv) the additional transport and highway infrastructure that will be needed to meet in full the updated Objectively Assessed Housing Needs.
- 3) Allocation of sites to meet the full Objectively Assessed Housing Needs taking into account 2. above.

Policy LPR1 is unequivocal, it is a focussed partial review and as such alterations to the plan period are not a part of that partial review.

The council published a Regulation 18 letter (28 February 2020) seeking responses on the scope of the Wyre Local Plan Partial Review (2011-2031) and subsequently confirmed, through its review of the responses received<sup>1</sup>, that it intends to gather evidence and prepare the necessary documents for a reviewed Local Plan.

This document includes a schedule of proposed revisions to the adopted Wyre Local Plan (2011-2031) that are proposed as part of the Wyre Local Plan Partial Review (2011-2031). The proposed revisions within this document are required to ensure that the council accords with Policy LPR1 of the Wyre Local Plan (2011-2031) and the scope of the partial review in regards to an update of the Objectively Assessed Housing Need (Local Housing Requirement) and ensure conformity with the latest National Planning Policy Framework (NPPF) 2021. The amendments have also sought to provide clarity in relation to the revisions to the Use Classes Order that came into effect on 1 September 2020.

A list of policies from the Wyre Local Plan (2011-2031) which will be superseded and deleted by the partial review are set out below:

LPR1 Wyre Local Plan Review	

Consequently, revisions to supporting text and commentary, the monitoring chapter, and performance monitoring framework are also proposed.

Following the upcoming Wyre Local Plan Partial Review (2011-2031) Examination period, the council will prepare a consolidated version of the new Local Plan that incorporates all accepted revisions by this partial review. Where appropriate, other minor amendments including contents page, typos, formatting, paragraph and footnote renumbering etc which are not included within the below schedule, will also be updated to provide clarity to the reader. The consolidated Local Plan will superseded the Wyre Local Plan (2011-2031) and be known as the Wyre Local Plan Partial Review (2011-2031). Upon adoption by Wyre Council, the Wyre Local Plan Partial Review (2011-2031) will form part of the development plan within Wyre Borough.

The schedule presented below provides a list of proposed revisions to the Wyre Local Plan (2011-2031) as part of this partial review, it also provides a short justification for each of the revisions. Further justification for the proposed revisions where they relate to policies can also be found within the supporting the Implementation of Policy LPR1 Background Paper (2021).

New text is shown as underlined. Deleted text is shown as strikethrough.

Chapter 1: Introduction  ¶ 1.2.1 – 1.2.3	<p>Delete paragraph 1.2.1 – 1.2.3:</p> <p><del>1.2.1 The Local Plan has been formulated by the Council over a number of years. The key matters that have influenced the Local Plan are:</del></p> <p><del>1) Legal Requirements — The Local Plan must be legally compliant. The local plan process is set out in regulations. In exercising their plan making function, the Council must do so with the objective of contributing to the achievement of sustainable development. The Council also has a legal duty to engage constructively, actively and on an ongoing basis on strategic cross boundary issues during the preparation of the Local Plan.</del></p> <p><del>2) Public consultation — A public consultation was carried out in June 2015 on an Issues and Options paper which presented key issues and alternative spatial options and also alternative development sites across the Borough to be considered. The Council received over 750 representations and although there was not a consensus of how the Local Plan should respond to development needs, the response gave valuable information on people's concerns.</del></p>	<p>Deleted as refers to Wyre Local Plan.</p>

Chapter; Policy; and/or Paragraph in Wyre Local Plan (2011- 2031)	Proposed Revision	Reason for change
	<p><del>Public consultation on the ‘Publication’<sup>2</sup> draft Wyre Local Plan took place over a six week period from the 22 September 2017 to 3 November 2017.</del></p> <p><del>3) Stakeholder Engagement — This involved working with various organisations including Highways England, Lancashire County Council (in particular as Highways Authority and Education Authority), Natural England, Environment Agency and United Utilities. These and other organisations have been involved in preparing evidence to inform the draft Local Plan and Infrastructure Delivery Plan, (IDP). The Council has also held meetings with representatives of Parish and Town Councils on a ‘confidential’ and ‘without prejudice’ basis. It was important to keep Parish and Town Councils informed of the ‘direction of travel’ and seek their views where possible.</del></p> <p><del>4) Evidence Base — A number of studies have informed the preparation of the Local Plan. The Local Plan was further informed and is supported by a number of appraisals such as a Sustainability Appraisal (incorporating a Strategic Environmental Assessment), a Habitat Regulations Assessment, a Viability Assessment and Equality Impact Assessment. The Sustainability Appraisal has assessed the Local Plan Strategy against reasonable alternatives in terms of their contribution to achieving relevant environmental, economic and social</del></p>

	<p>objectives. The evidence base including the various assessments can be viewed on the Council's website at <a href="http://www.wyre.gov.uk/evidencebase">http://www.wyre.gov.uk/evidencebase</a>.</p> <p><del>5) The National Planning Policy Framework (NPPF) and National Planning Practice Guidance (NPPG) — Government policy places an emphasis on the need to boost significantly the supply of housing. This is reflected in the NPPF (2012) which stipulates that Local Plans should meet in full their objectively assessed needs. The NPPF however also places emphasis on 'sustainable development "which should be seen as a golden thread running through both plan-making and decision-taking" (paragraph 14).</del></p> <p><del>6) Infrastructure Planning — In parallel with the preparation of the Local Plan, the Council has produced an Infrastructure Delivery Plan (IDP) which assesses the impact of proposed development on infrastructure, and set out necessary infrastructure required to support proposed development. Infrastructure planning is an on-going process which enables infrastructure providers to align their funding programmes accordingly with the development strategy and its implementation and as far as possible ensure that essential infrastructure associated with new development is brought forward at the right time.</del></p> <p><del>7) Examination — The Local Plan with a schedule of minor modifications was submitted to the planning Inspectorate on the 23 of January 2018. Planning Inspector Mark Daykene conducted an examination into the</del></p>

During the examination the Council put forward a number of main modifications to the Local Plan to address soundness issues. The Council has also prepared modifications to the Local Plan in response to the Inspector's Post Hearing Advice. A six week public consultation on main modifications was held September to October 2018.</del></p> <p><del>1.2.2 The Local Plan comprises both a written document (the 'Written Statement') and a Policy Map (the adopted Policies Map).</del></p> <p><del>1.2.3 The Written Statement includes:</del></p> <ol style="list-style-type: none"> <li><del>1) A spatial portrait and Key Issues – a short description of what kind of place Wyre is and the key issues and challenges facing the Borough;</del></li> <li><del>2) Vision and objectives – a description of the kind of Borough Wyre aspires to be by 2031 and the objectives that have shaped the policies and proposals in the Local Plan towards the Vision;</del></li> <li><del>3) Local Plan Strategy – a description of the Local Plan Strategy, the key elements and how it was developed;</del></li> <li><del>4) Strategic Policies – they set the strategic framework for meeting development needs;</del></li> </ol>

	<p>- 2031). <u>The full review will be prepared in accordance with the Local Development Scheme (LDS).</u></p> <p><u>1.2.5 In accordance with LPR1, an update of the objectively assessed housing need has been undertaken. Following the adoption of the Wyre Local Plan (2011 - 2031), a revised National Planning Policy Framework (NPPF) was published in July 2018 and subsequently updated in February 2019 and July 2021. The NPPF is clear, that strategic policies should be informed by a local housing need assessment, conducted using the standard method as set out in national planning guidance. The standard method uses a formula to identify the minimum number of homes expected to be planned for, in a way which addresses projected household growth and historic under-supply.</u></p> <p><u>1.2.6 The Wyre Local Plan Partial Review (2011 - 2031) is supported by the LPR1 background paper (2021) and contains the Council's local housing need assessment, prepared to accord with revised national planning policy. This concludes the housing need figure for Wyre is 296 net dwellings per annum. It also sets out that the council does not consider it appropriate or justified to plan for a higher housing need figure than the standard method indicates. The housing need figure is therefore capable of being the housing requirement figure for Wyre. The housing requirement figure for the Wyre Local Plan Partial Review (2011 – 2031) is therefore 296 net dwellings per annum. The total housing requirement for the Plan Period is therefore a minimum of 7,232 net dwellings. This consists of 460</u></p>

Due to the update to guidance, policy review and proposed revisions to Policy HP1, in most instances, reference to Objectively Assessed Need should be read as housing requirement.</u></p> <p><u>1.2.8 Criterion (2) of Policy LPR1 requires a review of transport and highways evidence and criterion (3) requires allocation of sites to meet the full objective assessed need, taking into account the reviewed transport and highway evidence.</u></p> <p><u>1.2.9 As part of the partial review and to accord with the Duty to Cooperate, Wyre Council has engaged with the three Highway Authorities: National Highways, Lancashire County Council and Blackpool Council. The authorities have agreed with Wyre Councils conclusion, that there is no longer a need to review highway evidence as the net housing requirement of 296 dwelling per annum will be met in full and no revisions to the existing housing land supply set out in the adopted Local plan is proposed. It is therefore the case that a review of the highway and transport evidence is no longer necessary to enable the Council to meet its housing requirement in full. Chapter 4: Local Plan Strategy  ¶ 4.1.11	Amend paragraph 4.1.11 to read:  4.1.11 Highway capacity is the main constraint which is limiting the scale and distribution of development across the Borough. The resultant strategy in the Local Plan is not any one of the options set out in the 2015 Issues and Options Report although it can be described as ‘managed dispersal’. The Council has not based the strategy solely on the highways evidence albeit that was a major consideration. It has taken account of other evidence such as flood risk as well as the sustainability of different places. 	<p>With regards to the latter the Local Plan includes specific requirements as part of allocations for the provision of infrastructure to support the scale of proposed development in different settlements. <del>It is the only strategy possible within the constraints and results in a shortfall in meeting the OAHN; the Local Plan can deliver 9,200 dwellings or annually 460 dwellings within the local plan period 2011- 2031. Chapter 5: Strategic Policies  ¶ 5.1.1	<p>Amend paragraph 5.1.1 to read:</p> <p>5.1.1 As explained in the ‘Local Plan Strategy’ chapter, the planning strategy has been influenced by the various constraints in the Borough and the overarching aim to promote sustainable development. Chapter 5: Strategic Policies  ¶ 5.4.3	Amend paragraph 5.4.3 to read:  <p>5.4.3 The land in Fleetwood currently comprises school playing fields and as such the Local Plan shows this land as green infrastructure. The land at Poulton-le-Fylde is allocated in part for residential development (site SA1/6 Land South of Blackpool Road) and the remainder will comprise undesignated land within the built up area of Poulton-le-Fylde, providing further opportunities for sustainable patterns of development beyond the Plan period and ensuring the permanence of the Green Belt in the long term. The land released from the Green Belt makes an important contribution to meeting the housing <u>requirement</u> OAN in Wyre. <del>As noted elsewhere, the Local Plan does not meet in full the housing OAN. If the land in Poulton-le-Fylde were not released from the Green Belt, the shortfall in meeting the housing OAN would increase as there is no alternative site that could deliver the amount allocated on site SA1/6.</del></p>	To provide clarity on the outcome of the partial review and how it accords with policy LPR1.

Chapter; Policy; and/or Paragraph in Wyre Local Plan (2011- 2031)	Proposed Revision	Reason for change
¶ 7.2.3	7.2.3 The Local Plan makes an allowance for windfall sites of less than 25 dwellings. Evidence of completions on non-allocated sites shows that an allowance of 50 dwellings per annum is justified. The windfall allowance will take effect from 31 March <del>2021</del> <u>2024</u> so as to avoid double counting with reference to sites with planning permission as at 31 March <del>2018</del> <u>2021</u> .	
Chapter 7: Housing  ¶ 7.2.4 – 7.2.5	<p>Delete paragraph 7.2.4 – 7.2.5:</p> <p><del>7.2.4 The Local Plan housing requirement of 460 dwellings per annum will form the basis for calculating Wyre’s 5 year housing land position until the plan is reviewed. The maintenance of a 5 year supply is a requirement of government policy, and where this cannot be demonstrated policies for the supply of housing are considered ‘out-of-date’ under current policy.</del></p> <p><del>7.2.5 In calculating the 5 year land supply position at the time of adoption, the Council considers that the most appropriate way to deal with any shortfall since 1 April 2011 is for the shortfall to be met over the remainder of the Local Plan period i.e. the ‘Liverpool’ method. This will ensure that there is a robust housing land supply and minimise the risk for the Local Plan housing strategy becoming out of date shortly after adoption. The shortfall between 2011 and 2018 is substantial and equivalent to over 2 years requirement. Meeting the shortfall over the Plan period results in a level of delivery that is realistic and yet aspirational representing a significant boost to the delivery of housing in the Borough. The five year requirement will be above what has ever been achieved in Wyre.</del></p>	Deleted as refers to Wyre Local Plan. Chapter 7: Housing  New ¶ 7.2.4	<p>New paragraph 7.2.4 to read:</p> <p><u>7.2.4 The Council publishes annually a Housing Implementation Strategy (HIS) which sets out the Council's position on housing land supply in accordance with national planning policy and guidance. National policy requires that a five year supply of deliverable housing sites includes an appropriate buffer to ensure choice and competition. The appropriate level of buffer is determined on the basis of the Government's housing delivery test (HDT).</u></p>	Updated content on the role of the HIS in demonstrating the Councils housing land supply and five year supply.
Chapter 7: Housing  ¶ 7.2.6 (now 7.2.5)	<p>Amend paragraph 7.2.6 (now 7.2.5) to read:</p> <p><del>7.2.6</del> <u>7.2.5</u> Policy HP1 and the review mechanism seeks to ensure that Wyre will continue to maintain a five year land supply over the local plan period. The figure in Policy HP1 is expressed as a minimum and there is no planning barrier to the early delivery of sites if circumstances and market conditions allow. In order to maximise flexibility in the local plan housing land supply, the Local Plan does not propose to apply a restrictive phasing policy to the release of any allocated housing site. <del>Applying the substantial shortfall of 1,207 dwellings to the next five years requirement through the Sedgefield approach would not be realistic as it would set a 5 year requirement that is unlikely to be delivered and would risk the Local Plan becoming out of date soon after adoption.</del></p>	Updated as refers to the Wyre Local Plan. Chapter 7: Housing  ¶ 7.2.7	Delete paragraph 7.2.7:  <del>7.2.7 The NPPF requires that when calculating a 5-year land supply a buffer is applied (moved forward from later in the Plan period) to ensure choice and competition in the market for land. The level of the appropriate buffer is determined on account of whether there has been persistent under-delivery. The housing target has not been met in any year since 2011, therefore a buffer of 20% is considered appropriate. This position may change through annual monitoring. There is flexibility in the Local Plan housing land supply to provide the intended choice and competition in the market for land. As noted above there are no barriers in the Local Plan to bringing forward any allocated land.</del>	Updated as refers to the Wyre Local Plan.

Chapter 9: Site Allocations  ¶ 9.2.1	Amend paragraph 9.2.1 to read:  9.2.1 The Local Plan ensures that sufficient deliverable land is available for <u>a minimum 7,232 net 9,200 dwellings to meet 96% of the identified the full housing requirement objectively assessed housing need</u> for the period 2011-2031. <del>The Local Plan makes allocations for 5,232 dwellings of which 5,192 are expected to be delivered within the plan period to 2031. The delivery of housing will be regularly monitored.</del>	To provide clarity on the outcome of the partial review and how it accords with policy LPR1.
Chapter 9: Site Allocations  ¶ 9.2.2	Amend paragraph 9.2.2 to read:  9.2.2 The housing allocations identified in policy SA1 and SA3 will provide the majority of the Local Plan housing requirement. These sites are distributed throughout Wyre where development is not constrained. These housing and mixed use allocations provide the only realistic solution to meeting Wyre's housing needs and securing a '5 year land supply' <del>albeit the full housing OAN cannot be accommodated.</del>	To provide clarity on the outcome of the partial review and how it accords with policy LPR1.
