Please note my objection to the application for new premises licence for Thornton Cleveleys Football club on gamble road.

[REDACTED] and the close proximity of the club to my house makes the application for music and late night entertainment unreasonable.

I have 3 children and work shifts with the NHS, this licence wouldn't enable me to rest/sleep and would disturb my children's sleep. And in the nice weather I would be forced to keep windows closed, not be able to have peace in my garden in nice weather. I already experience noise during events at pool foot.

There will also be an increased risk of disorder late at night, public nuisance and anti social behaviour, lights will shine into my house and there will be littering.

This has always been a quiet area which is what I wanted for my children then poolfoot arrived and causes disturbance occasionally adding another premises open till the early hours is totally unreasonable in a small residential area.

Please allow the residents to have peace and reject the application.

Leigh Ryan

To Wyre Council Licensing Department,

Please be aware of my objection to this application, both for the bar opening times and to the entertainment element.

The close proximity of the club premises makes the application for music and late licencing unreasonable and is likely to have a detrimental effect on the residents day to day lives. The clubhouse is less than 50 metres from some of the properties.

The granting of this licence would lead to the residents being unable to enjoy their gardens or have windows open during fine weather as the music licence applies to inside and outside of the premises, and for functions which would include fun days. The existing Pool foot Farm clubhouse already causes this kind of disturbance and uses a tannoy system to amplify music.

There will be an increased risk of disorder late at night, public nuisance and anti-social behaviour, light disturbance and increased littering.

The application applies for music inside and out (amplified on occasions) and for the bar hours to be midnight as standard and up to 1.30am. This is totally out of keeping with its location. The additional disturbance of people leaving the premises late at night, and at weekends for functions is not acceptable.

I trust that the council will fully consider the rights of the residents for quiet enjoyment of their homes. and reject this.

Yours sincerely

Mr & Mrs Gregson

I would like to make an objection to the license applied for by the football club....12 a.m in the week is bad enough let alone 1-1.30 a.m

I have 2 8 yr old children and I'm up at 6 for work and already can hear the noise from poolfoot which is bad enough. And as for outdoor thats a joke. Can you imagine trying to sleep with a band or something 200yards from your house!! Im also already concerned about people throwing pint glasses and the such into the road. Are you going to pay for my tyres etc.

Good Morning,

Please accept this email as my objection to the proposed opening times and entertainment element.

This club is within very close proximity to my home address and the proposed opening hours and loud music will be a significant disturbance in what is otherwise a peaceful residential area. We already get occasional disturbance from Pool foot farm but this is mostly manageable.

Such late closure, loud music and intoxicated adults will disrupt my day to day life and I am shocked that such a request has even been submitted.

I trust that the council will understand these objections and reject the application.

I wish to put forward our objection, both for the Bar opening times and entertainment element. The club is extremely close to our home. The Poolfoot Football club is bad enough let alone now having another even closer. I would say about 100 metres. What about all the late night drunks, anti-social behaviour etc.

Is this another money orientated gimmick or do you really believe that this will not cause a substantial amount of noise etc for those of us living on this road, Gamble Road. Parking is a nightmare even now when there are football games etc going on. The road becomes a single lane during these times.

I am led to believe a notice was attached to a perimeter fence, sometime earlier this month. Nothing through the post ?

We hope you will reject this application and consider the rights of residents to enjoy peace and quiet in our own homes.

Thank you for your anticipated co-operation in this matter.

To whom it may concern,

Please find below my objection to the late night bar and entertainment proposal for the new clubhouse being built.

As a resident of Wembley road, I'm located roughly 50 meters away from the clubhouse. I'm currently a respite support worker for vulnerable adults. I work shifts which are 2.30-10.30pm I arrive home around 11pm and then have to leave my home again at 6.30am to go and do a 7am-3pm shift. If the licence gets approved to 1.30am this would mean I would roughly only get 4hrs sleep a night. I'm sure you would agree this is unfair?

On occasions my sleep has been disturbed via the pool foot farm sound system however this is not a regular occurrence and therefore I have no issues with it.

I am also concerned about drunk anti social behaviour and how it will effect the area I have lived in for 30years.

As there are many family homes around the location I think you would understand the disturbance a late night licence would cause a young family.

I do not wish to sound like a 'party pooper' and I'm excited to see things such as fun days, charity events and parties taking place however I hope the wyre council consider decling the late night proposal and giving them a reasonable hour licence such as 10.30pm.

I trust you will take my objection seriously and fully consider the residents that will be effected in your decision.

Kind regards

I would like to raise an objection to the proposal for late night drinks license for serving alcohol and live entertainment in the new clubhouse and outside the venue.

Our main objection is the late times that these services will be provided, the close proximity of the club makes the application unreasonable for residents in the Gamble Road and surrounding areas. The noise and traffic will inevitably lead to rowdiness and disorder when people are leaving in the early hours of the morning.

The new facilities have already turned Gambol Road into a bus route and a car park, this last Sunday we counted at least 10 large coaches and even a double decker bus passing our front door, there is already a lot of noise when games are in progress and afterwards when the traffic begins to move again!

Our main concern is the possibility of loud noise and possible disorderly behaviour as people leave the venue in the early hours of the morning, I would suggest the the bar close at 11:30pm and the music stopping at midnight would be more acceptable.

To whom it may concern,

My details:

[REDACTED]

Relevant.

With respect to Thornton Cleveleys Football Club Licence Application please accept this email as mine and my family's strong objection.

This is in relation to both the bar *opening times and to the entertainment aspect.

The close proximity of the club premises to my property lends itself to an unreasonable request for the above (*) and will constitute a nuisance noise.

This will have a detrimental effect on our day to day lives (they are already causing a nuisance restricting driveways and parking cars on grass at side of my house).

The above would also lead to us being unable to enjoy our gardens (already a nuisance during the day listening to the foul language coming from the pitch!)

The existing Pool Foot Farm clubhouse already causes this kind of disturbance ... Tannoy to amplify the music! We don't need more noise and disturbance.

In conjunction with this nuisance noise there will be increased risk of disorder late at night, public nuisance and anti-social behaviour (putting more pressure on our already overly stretched Police force!)

The application I believe applies for music inside and out (amplified!) and for bar hours up to 01:30hrs. This is totally not in keeping with this location.

The additional disturbance of people leaving the premises late at night and at weekends for functions is totally unacceptable!

I am putting my trust in the council to fully consider our rights as residents (of 20 years) and allow us to enjoy the quiet environment of our homes that we have become accustomed to and **reject this application.**

Cheryl Wilson

Subject: Thornton Cleveleys Football Club Licence Application - Objection

Relevant.

This email is from an external email address Do not click any links or open attachments unless you know the content is safe.

Never disclose your user details or password to anyone.

I would like to register my objection to the application for the application for the licence by Thornton Cleveleys Football Club.

In general it is going to be too noisy and is too close to domestic housing and in particular the late hours that the application is for and the noise if they are granted a license to have music outside is just not fair for the local residents.

Last year music from Poolfoot during the football championships was loud and the sound carried particularly in the wind. There is considerable noise comes from Poolfoot and Thornton Cleveleys just when football matches are being played which I am prepared to put up with but not fun days etc with loud music and excessive alcohol drinking.

The parking is already causing issues around Gamble Road on match days with cars parking on the road making it hard for vehicles to get through and cars even parking on grassed areas which is simply not on.

I do hope the council will look at the residents peace and quiet and after all we were already here settled in our houses and refuse this application.

Thank you

Ian and Angela Manassie

Attn: Patrick Cantley - Licensing Manager

We are elderly vulnerable persons residing on Gamble Road near the new Thornton Cleveleys FC premises and have concerns / objections to both alcohol / music licences in relation to the impact this will have on a residential neighbourhood which will change the "fabric" of the area due to the potential volume / influx of visitors entering / leaving / attending the venue creating associated noise, rowdiness, littering, anti-social behaviour, traffic congestion which will affect the safety / security of the local residential community.

Any Licence issued should take into consideration the effect to the surrounding community and how the Applicants will manage their customers whilst at the venue, and when entering / leaving their premises and the effects to quality of residency within the neighbourhood.

Will you kindly acknowledge that the above will be taken into consideration.

Thank you

To Wyre Council Licensing Department,

Re: Thornton Cleveleys Football Club Gamble Road Thornton FY5 4JG

11 April 2022

Please be aware of my objection to this application, both for the bar opening times and to the entertainment element.

The close proximity of the club premises makes the application for music and late licencing unreasonable and is likely to have a detrimental effect on the residents day to day lives. The clubhouse is less than 50 metres from some of the properties.

The granting of this licence would lead to the residents being unable to enjoy their gardens or have windows open during fine weather as the music licence applies to inside and outside of the premises, and for functions which would include fun days. The existing Pool foot Farm clubhouse already causes this kind of disturbance and uses a tannoy system to amplify music.

There will be an increased risk of disorder late at night, public nuisance and anti-social behaviour, light disturbance and increased littering.

The application applies for music inside and out (amplified on occasions) and for the bar hours to be midnight as standard and up to 1.30am. This is totally out of keeping with its location. The additional disturbance of people leaving the premises late at night, and at weekends for functions is not acceptable.

I trust that the council will fully consider the rights of the residents for quiet enjoyment of their homes, and reject this application.

Good morning to whom it may concern

I am registering my objection to Thornton Football Club applying for a licence from 9 am until 1 am to serve alcohol and have music outdoors.

I feel the outdoor music and drinking will have a detrimental effect on the neighbouring families and homes with constant noise and disturbance.

The clubhouse is within 100 metres of the Fleetwood training ground which already facilitates outdoor music and entertainment, why does the area need two venues next door to one another.

Yours sincerely

Stephen Clegg RGN

To Wyre Council Licensing Department,

Re: Thornton Cleveleys Football Club Gamble Road Thornton FY5 4JG

11 April 2022

Please be aware of my objection to this application, both for the bar opening times and to the entertainment element.

The close proximity of the club premises makes the application for music and late licencing unreasonable and is likely to have a detrimental effect on the residents day to day lives. The clubhouse is less than 50 metres from some of the properties.

The granting of this licence would lead to the residents being unable to enjoy their gardens or have windows open during fine weather as the music licence applies to inside and outside of the premises, and for functions which would include fun days. The existing Pool foot Farm clubhouse already causes this kind of disturbance and uses a tannoy system to amplify music.

There will be an increased risk of disorder late at night, public nuisance and anti-social behaviour, light disturbance and increased littering.

The application applies for music inside and out (amplified on occasions) and for the bar hours to be midnight as standard and up to 1.30am. This is totally out of keeping with its location. The additional disturbance of people leaving the premises late at night, and at weekends for functions is not acceptable.

I trust that the council will fully consider the rights of the residents for quiet enjoyment of their homes, and reject this application.

Subject: TCFC License Application

Afternoon

I would like to support the local residents and object to the current application that has been put forward to Wyre.

The proximity to the nearby houses coupled with the fact its next door to an already licensed premise is going to cause a major noise issue for residents. We already have plenty of complains about noise, antisocial behaviour and speeding around the area that comes from Poolfoot and no action seems to have been taken so residents often find they can't open windows or sit outside or sleep due to the noise. Two events right next to each other on the same night will bring complete chaos and be a nightmare in the area.

I have received approx 30 objections to the application and hope you will look at each one closely, as I have advised them to email the department as well and they all have the same concerns that were raised about poolfoot and have unfortunately become the case.

Regards
Cllr Emma Ellison

Subject: Thornton Cleveleys Football Club

Hi
I'm the Vice Chairperson of Thornton Cleveleys Football Club.

Myself Joanne Beavers, the Chairman (Steve Abbott), John Beavers (first team manager) and Lee Morton (junior coach) met with the local residents last Saturday 23rd April. The local councillors Howard, Hollie and Andrea all were in attendance to.

We let the residents raise all their concerns with us and answered anything they had spoken about.

For example: car parking is a nightmare - we explained we will have a car park and also have a lot of land to make into an over flow car park this will be due to funds but we do have the land. They seemed reassure but we did explain majority of the cars parked around the old Burn Naze pub are not our cars they belong to PoolFoot.

Why did we need a license to 1am on a Friday & Saturday - this is mainly for functions and will not be occurring every weekend. It may be 1 per month but it depends on how popular the clubhouse becomes. I agreed I would be a liaison officer with the residents and we would look at putting a notice board at the front and they can see if we have a function on that night. We also agreed no drinking after 9pm outside and all windows and doors would be shut by 10pm. Again they seemed reassured.

Outside music why is this needed- again we reassured the residents this would only happen in the day time for Functions i.e fundraising event, tournaments etc and again this would be stopped no later than 9pm.

As per our previous club we was shut at 11 on in the week and no later than midnight at weekends and bank holidays unless there was a function.

I reassured them we never had any complaints in our old premises.

1 lady mentioned she gets noise at the back and in front of her house we did ask how long ago this was and she mentioned last month so we explained we have been vacated from our old premises over 18 months ago. 1 resident mentioned it could be the same music echoing around her house from PoolFoot.

We totally understand their reservations are due to PoolFoot farm and we explained we want the club to be a community base for meetings etc and we are happy to work with them. We agreed to monthly meetings with them and any concerns they can bring them to us.

A lot of them thought we had just bought the land but didn't realise how long we had actually owned it for again their frustrations due to having 2 football clubs.

We left the meeting and left them reassured.

Communication with the neighbours is our key and we will take on board anything they raise and rectify where we can.

Any problems please let me know, please could you update me tomorrow the next steps following it closing tonight.

Many thanks
Inanne Beavers
