

**Lancashire and
South Cumbria**
Health and Care Partnership

Introduction for Wyre OSC

Hilary Fordham, Integrated Place Leader for Lancashire North
to discuss on 17 October 2022

Lancashire and South Cumbria Integrated Care System (ICS)

NHS ENGLAND

NHS England will set strategic aims and priorities and will continue to commission some services at a regional level, providing support to the NHS bodies working with and through the ICS. NHS England will also agree ICBs' constitutions and hold them to account for delivery.

CARE QUALITY COMMISSION

Independently reviews and rates the ICS.

STATUTORY ICS

LANCASHIRE AND SOUTH CUMBRIA INTEGRATED CARE BOARD (ICB)

NHS Lancashire and South Cumbria (our local integrated care board) was established on 1 July 2022 in line with the Health and Care Act 2022. NHS Lancashire and South Cumbria is accountable for NHS spend and performance and is responsible for the day-to-day running of the NHS in Lancashire and South Cumbria.

LANCASHIRE AND SOUTH CUMBRIA HEALTH AND CARE PARTNERSHIP

The broad alliance of organisations and representatives concerned with improving the care, health and wellbeing of the population, jointly convened by local authorities and the NHS. The partnership will enable partners to plan for the future and develop strategies using available resources creatively in order to address the longer term challenges which cannot be addressed by a single sector or organisation alone.

CROSS-BODY MEMBERSHIP, INFLUENCE AND ALIGNMENT

INFLUENCE

INFLUENCE

LANCASHIRE AND SOUTH CUMBRIA PARTNERSHIP STRUCTURES

System

Covers a population of 1.8m

Provider collaboratives

Service providers will be collaborating at the various different levels of system, place and neighbourhood according to need. National guidance has been published and a Provider Collaborative Board (PCB) has been established to enable partnership working of the acute, mental health and community providers across Lancashire and South Cumbria.

Place

Covers a population of 114,000 to 566,000

Place-based partnerships

Planners and providers working together across health, local authority and the wider community, to take collective responsibility for improving the health and wellbeing of residents within a place.

Neighbourhood

Covers a population of 30,000 to 50,000

Primary care networks

Most day-to-day care will be delivered here. Neighbourhoods will develop to bring together partners across health and social care to deliver integrated care and may align with Primary Care Networks.

Lancashire and South Cumbria
Health and Care Partnership

Changes on 1 July

Integrated care became legislation

On 1 July, the Health and Care Act 2022 came into effect, which meant:

- NHS Lancashire and South Cumbria Integrated Care Board (ICB) was established. The eight CCGs in Lancashire and South Cumbria were closed down and the ICB took on the NHS commissioning functions as well as some of NHS England's commissioning functions and is accountable for NHS spend and performance within the system.
- At the same time our local Integrated Care Partnership was established as a statutory committee. The partnership will see health and care partners across the region work together by agreeing joint priorities and a joint health and care strategy.

Strategic aims of the ICB

- Improve outcomes in population health and healthcare
- Tackle inequalities in outcomes, experience and access
- Enhance productivity and value for money
- Help the NHS support broader social and economic development

ICB priorities

Major priority themes which are emerging

- **Improve the system's performance on urgent and emergency care, discharge and elective care recovery**
- **Deliver a challenging budget for the remainder of the financial year 2022/23**
- **Agree an ambitious integration programme for community health and social care services** - investment in domiciliary care and intermediate beds to relieve pressure on hospitals and improve capacity of the social care system
- **Primary care development** (based on the implementation of recommendations in the national Fuller stocktake)
- **Improve quality and performance of our NHS Trust providers**
- **Focus on small number of prevention priorities**
- **Integrate health equity into our plans at both place and system levels** - agreed jointly with our partners

Place boundary review

Enabling deeper integration with health and social care

NHS Lancashire and South Cumbria Integrated Care Board (ICB) carried out a review of place boundaries and on 27 July, the board decision covered the following:

- Realigning the current place based boundaries to the two upper tier and two unitary local authorities within the footprint: Blackpool, Cumbria, Lancashire and Blackburn with Darwen
- Mirroring adult social care arrangements within Lancashire, meaning there will be three delivery units including: East Lancashire, Central Lancashire (including West) and North/Coast, to enable deeper integration.
- Mapping places and delivery units to district footprints to support collaboration on wider determinants of health.

Developing the Integrated Care Partnership

An integrated care strategy

- The ICB and upper tier local authorities are working collaboratively on the membership, terms of reference, meeting arrangements and a development plan for the Integrated Care Partnership (ICP).
- The inaugural meeting of the partnership will take place on 30 September.
- Throughout the next few months, the partnership will review the needs of local communities to determine and propose a set of system-wide priorities.
- These will focus on the most complex issues that cannot be solved by individual organisations and will form the basis of a joint health and care strategy (Integrated Care Strategy) by the end of December.
- New branding for the ICP will be developed in the autumn.

Engagement with partners and public

On draft ICP priorities

- ✓ Supporting children and their families in the first 1000 days of a child's life
 - ✓ Supporting people into employment and staying in work
 - ✓ Large scale organisations' role in social and economic development
 - ✓ Preventing ill health and tackling health inequalities
 - ✓ High quality care that supports people to stay well in their own home
 - ✓ Supporting people to choose their preferred place of death
-
- Survey closes on Monday 24 October. Engagement and survey information has been shared with the scrutiny officer for Wyre OSC.
