ADDITIONAL CONSULTATION RESPONSE RECEIVED

HEAD OF ENVIRONMENTAL HEALTH AND COMMUNITY SAFETY
(ENVIRONMENTAL PROTECTION – AMENITY)

Since the publication of the Planning Committee Agenda a consultation response has been received from the Environmental Health Officer. The response states that there are no objections to the planning application in terms of amenity and that it is not anticipated that there would be any significant adverse environmental impact as a result of the application.

Officer Response: The consultee comments reinforce the position that the change of use would not cause significant additional harm to neighbouring amenity in terms of noise above that of the existing dwelling.
