CAB.14 Confirmation of minutes

The minutes of the meeting of Cabinet held on 6 September 2023 were **confirmed** as a correct record by those who were in attendance.

Rebecca Huddleston, Chief Executive made an announcement regarding the minutes of a Cabinet meeting held on 27 March 2019.

The Chief Executive announced that under the Council's Constitution, she was responsible, together with the Monitoring Officer, for a system of record keeping for all the Authority's decisions. At the 27th of March 2019 Cabinet meeting, the then Chief Executive and the then Resources Portfolio Holder took a report on the Appropriation of Land at Bourne Hill, Fleetwood. This was recorded as item CAB.53 in the Agenda.

It recently came to light that a Land Registry reference in the report was

incorrect and in an effort to clarify this, the following footnote was added to both the minutes of the meeting and the summary on the website on 4 October 2023. The footnote included the following wording:

“The minutes of this meeting were edited in October 2023 to acknowledge a typo in the land registry title number of the Land at Bourne Hill, Fleetwood. This was due to a typing error at the time. The correct title is LAN34532 as shown on the title plan, Appendix 1 attached to the report within the agenda pack.”

This wording had led to some confusion as it incorrectly states that the minutes of the meeting were edited, which implied a change to the contemporary narrative content approved by Cabinet at the time. Rebecca reassured Cabinet that ordinarily, any change to the body of the minutes themselves would require a resolution to be passed by Cabinet itself.

Rebecca confirmed that no change had been made to the contemporary narrative content of the minutes of the Cabinet meeting on 27 March 2019. However, a clarification footnote concerning a reference number in item CAB.53 had been added. This was made to address an inaccuracy which the council was made aware of by a member of the public. The action was taken in order to fulfil the responsibilities of the Monitoring Officer and Chief Executive to ensure accurate records were kept.

Acknowledging that although the intention was to be helpful to the reader and address the concern raised by a member of the public, the wording and resulting misunderstanding could have been avoided. As such a review of the process was undertaken. The review found that while there was no specific guidance of how inaccuracies within report should be noted, best practice would have been to report this matter back to Cabinet, before adding the footnote.

Decision

Cabinet **agreed**:

- To approve the removal of the footnote which has been added to the minutes and the landing page on the website;
- To note the correct land registry title number for the Land at Bourne Hill, Fleetwood of LAN34532; and
- To note that a link to a clarification footnote will be added against item CAB.53 of the 27 March 2019 agenda to note the inaccuracy in the Land Registration number.

It was added that approval by the relevant committee would always be sought for any changes to documents approved by the committee, in line with guidance, and for addition of any footnote or link to a footnote, even for a very minor factual correction.

The Corporate Director Resources and the Chair of the Promotions of Self-Care and Social Prescribing in Wyre Task Group submitted a report detailing the work of the Promotion of Self-Care and Social Prescribing in Wyre Task Group.

Councillor Bowen, Leisure, Health and Community Engagement Portfolio Holder, discussed the council's position regarding self-care and social prescribing in Wyre. She mentioned the relationship between social prescribing and the Wyre Moving More Strategy.

Decisions

Speaking on behalf of Cabinet, Councillor Bowen confirmed that Cabinet **accepted** and made comments on the following recommendations (numbered as per the report):

3.1 That the council continues to promote its ongoing work with its primary care networks, local GP practices and other link/community organisations; that the council supports these groups by continuing to advertise its services via different methods.

She stated that the council would continue to work with the Primary Care Networks, GPs and the voluntary care sector. She informed members of the formation of a new Fylde and Wyre Health and Wellbeing Partnership. She assured that this effort would be supported and promoted in the future.

3.2 That the council should ensure that its health and wellbeing services and offers are well promoted on its website and social media. The council's services and offers should also be specifically promoted to local NHS social prescribing teams. If and when an opportunity to refresh a local directory of services presents itself, it is recommended that the council supports this work.

The Wyre website and social media accounts would be reviewed to ensure that officers promoted services as widely as possible. She informed members that conversations with the NHS were progressing to ensure that suitable Wyre Council services were included in the service directory.

3.3 That the work of the council in relation to social prescribing be monitored by the Overview and Scrutiny Committee and be made a strategic priority.

She suggested that a project aimed at reducing loneliness and isolation be included in the new Council Plan, and that any future project be monitored annually by the Overview and Scrutiny Committee.

Councillors Bowen and Berry praised the task group for their efforts, as well as the officers who assisted the task group.

The meeting started at 6.00 pm and finished at 6.14 pm.

Date of Publication: 19 October 2023.
