

Report of:	Meeting	Date	Item No.
Cllr. Alan Vincent, Resources Portfolio Holder and Clare James, Head of Finance	Cabinet	30 November 2016	6

Capital Programme Review and Monitoring Report

1. Purpose of report

1.1 To consider the summary of the Spending Officers' (April to end September 2016) review of the 2016/17 Capital Budget and its impact on the Capital Programme thereafter.

2. Outcomes

2.1 The delivery of the Capital Programme and its monitoring will demonstrate good financial management by ensuring that the Programme is soundly based and designed to deliver the Council's strategic priorities.

3. Recommendation

That the Capital Programme and its funding be updated to reflect the changes indicated in the report and that the impact on the Revenue Budget be reflected in the Medium Term Financial Plan (MTFP) and future revisions of the Revenue Estimates.

4. Background

- As part of the Council's Performance Management process spending Officers and Financial Services review at the end of each quarter the progress of Capital scheme expenditure against the approved Programme. The summary results of this review for the 2016/17 second quarter, ending 30 September 2016, are contained in Appendix 1.
- 4.2 A full scheme analysis is available within the revised Ten Performance Management system under 'Performance, Reports, Capital Programme 2016/17'.

4.3 The Original Capital Budget for 2016/17 was set at £26,843,312. Details of the changes either in expenditure or its funding since then (see Appendix 1) can be found in the appropriate Cabinet, Audit Committee or Portfolio Holder reports. The main variations in spend against profiled budget and budget changes from the second quarter review, as a result of Officers' information, are detailed in Appendix 2.

5. Key issues and proposals

- Appendix 1 shows actual costs and commitments totalling £11,459,576 up
 to the end of the second quarter against the Officers' profiled budget of
 £13,812,483 representing a spend of 83%. The main scheme variations in
 spend against profiled budget are shown in Appendix 2, section A.
- At 30 September 2016 there were 2 current year schemes that had not been reported to Portfolio Holders for scheme approval (see Appendix 2, section A1).
- The main scheme variations in spend against profiled budget are shown in Appendix 2, section A2.
- As a result of the quarter 2 review, when compared to the current approved Budget, aggregate expenditure in 2016/17 is now expected to be £1,891,975 lower as listed in Appendix 2, section B1. This includes the slippage on the Rossall Seawall Improvement Works. The ongoing implication for future years is shown in Appendix 2, sections B2 to B4.

Leisure and Culture Portfolio

- Poulton and Thornton Leisure Centres Both leisure centre schemes are complete and communications remain ongoing with the contractor to reach agreement on the final settlement. Once the scheme costs are finalised they will be summarised in a detailed report to Cabinet.
- Garstang Leisure Centre It is expected that the scheme will be complete
 by the end of October with no overspend anticipated.
- Fleetwood Leisure Centre Heating Work is ongoing but additional costs are being incurred of £9,355 owing to the removal of asbestos and £2,992 to enable the main contractor to complete works at night to avoid significant disruption at the Leisure Centre. This overspend will be funded by a reduction to the Building Improvements Unallocated budget.
- Marine Hall Roof Works have commenced on site with completion expected by the end of December 2016.

Neighbourhood Services and Community Safety Portfolio

- Rossall Seawall Improvements Main construction works are estimated to finish by November 2017. However the programme for landscaping has been re-profiled and is likely to continue into Spring 2018 resulting in some expenditure being slipped to 2017/18. £2m slippage, which includes associated risk sums, has been recommended at this stage. A £565 partreversal of the adjustment made in Qtr1 has also been made.
- Disabled Facilities Mandatory Grants— Despite an increased spend of over £50,000 compared with quarter 1 there remains £1.069m of the 2016/17 increased Better Care Funded budget to spend by the end of March 2017. Lancashire County Council has recruited additional Occupational Therapists to clear the backlog of referrals, but officers are anticipating that the budget may not be fully spent by the end of this financial year. There is likely to be some slippage of the budget next quarter when further information is available. Additional funding of £2,000 has been secured from Great Places Housing.
- Flood Relief (Property Level Resilience Grants) As at the end of quarter 2 the Council had received 40 applications for the grants to homeowners to implement flood resistance/resilience measures to minimise the impact of flooding. This is reflected in an increase in the budget of £88,790, bringing the total to £200,000.
- Wyre Beach Management Study Commencement of the study is now expected to be later in the year and could assist with securing EA funding for a larger scheme in 2017.

Planning and Economic Development Portfolio

- Coastal Community Funded Schemes All works are now complete and final retention invoices are due.
- Marine Hall Dome Officers have indicated that despite being under budget at the end of quarter 2 the final costs are anticipated to exceed the current budget by approximately £14,000. This anticipated overspend will be in excess of the variance thresholds set out in financial regulations and a report will therefore be submitted to Cabinet once the scheme has completed.

Resources Portfolio

- Wyreside Cafe This scheme is complete, pending payment of the final invoice.
- Building Improvement Works Portfolio Holder Reports will be submitted for approval once schemes have been prioritised for the balance of £148,553 after taking account of the Fleetwood Leisure Centre additional costs.

Street Scene, Parks and Open Spaces Portfolio

- Playground Refurbishment unallocated The underspend of £6,688 on North Drive Playground will be returned to the unallocated pot increasing this to £36,688. After officer consultation with the Portfolio Holder a scheme report will follow later in the year.
- Mount Grounds additional funding of £17,800 has been secured from the Lancashire Environmental Fund for planting to be completed by April 2017.

Funding

• Since the quarter 2 review the changes in 2016/17 detailed in Appendix 1 reflect an increase in external funding of £108,590. There have also been changes relating to re-phasing of expenditure to future years. There are no additional capital receipts to report at this stage.

Financial and legal implications				
Finance	The changes to the Capital Programme expenditure following the second quarter review and the funding indicated in Appendix 1 (2016/17 through to 2019/20) have been externally funded. There is no revenue impact and no impact on the reserves.			
Legal	None arising directly from this report.			

Other risks/implications: checklist

If there are significant implications arising from this report on any issues marked with a \checkmark below, the report author will have consulted with the appropriate specialist officers on those implications and addressed them in the body of the report. There are no significant implications arising directly from this report, for those issues marked with a x.
