| Review of Audit Committee's Terms of Reference |

1. Purpose of report

1.1 The periodic consideration of the terms of reference of the Audit Committee in accordance with best practice guidance.

2. Outcomes

2.1 The annual review of the Audit Committee terms of reference.

3. Recommendations

3.1 That the Audit Committee considers the previously agreed terms of reference attached at Appendix 1 and that other than the one minor correction confirms that they accurately reflect the role of the committee.

3.2 That the new terms of references be recommended to the Council for approval.

4. Background

4.1 Good corporate governance requires independent, effective assurance about the adequacy of financial management and reporting. Indeed, the 'Delivering Good Governance in Local Government' 2012 guidance note recommends that local authorities review their governance arrangements against a number of key principles and report annually on their effectiveness. The guidance also reflects the requirement for local authorities to have an effective Audit Committee in place as part of their democratic structure.

4.2 In 2013 CIPFA re-issued their practical guidance for Audit Committees and provided local authorities with a suggested terms of reference setting out the purpose and the core functions required. The terms of reference states that 'The purpose of an Audit Committee is to provide those charged with governance independent assurance on the adequacy of the risk management framework, the internal control environment and the integrity of the financial reporting and annual governance processes'.

- 4.3** Audit committees are currently not mandatory in local government although most authorities now have them. In response to guidance issued by CIPFA and recognising that an effective Audit Committee enhances public trust and confidence in the financial governance of an authority, the Council agreed the establishment of an Audit Committee at their meeting on 8 December 2005.

5. Key issues and proposals

- 5.1** At the last meeting of the Audit Committee, members considered the annual review of the committee's performance against the 'self-assessment of good practice' which is documented in CIPFA's 'Audit Committees – Practical Guidance of Local Authorities'. The self-assessment requires that an annual review of the Audit Committees' terms of reference be completed.
- 5.2** The current terms of reference are included for consideration at Appendix 1.

Audit Committee - Terms of Reference

7.01 Purpose

Audit committees are a key component of an authority's governance framework. Their function is to provide an independent and high level resource to support good governance and strong public financial management.

The purpose of an audit committee is to provide those charged with governance independent assurance on the adequacy of the risk management framework, the internal control environment and the integrity of the financial reporting and annual governance processes. By overseeing internal and external audit it makes an important contribution to ensuring that effective assurance arrangements are in place.

The Audit Committee will have regard to relevant government guidance, the requirements of the Chartered Institute of Public Finance and Accountancy (CIPFA) and any other relevant body and members shall receive training appropriate for this role.

Core Functions

The Council will appoint an Audit Committee independent from both the Executive and the Overview and Scrutiny function and will have the following core functions;

- To be satisfied that the Council's Annual Governance Statement properly reflects the risk environment, any actions required to improve it and demonstrates how governance supports the achievement of the authority's objectives;
- In relation to the council's internal audit functions, the Audit Committee will oversee its independence, objectivity, performance and professionalism, support the effectiveness of the internal audit process and promote the effective use of internal audit. This will involve consideration of the annual audit plan, the receipt of regular reports detailing progress against the plan and the annual report;
- To review the risk profile of the organisation and consider the effectiveness of the council's risk management arrangements. This will involve monitoring the progress of embedding risk management, reviewing the council's risk registers and other assurances provided, ensuring that action is being taken where necessary to mitigate such risks;
- To monitor the effectiveness of the control environment, including arrangements for ensuring value for money and for managing the council's exposure to the risks of fraud and corruption. This will involve

maintaining and making changes where needed to the council's counter fraud policies;

- To consider the reports and recommendations of external audit, including the auditor's report to those charged with governance (ISA 260) on issues arising from the audit of the accounts;
- To review the financial statements, external auditors opinion and reports to members and to monitor management action in response to issues raised by External Audit;
- To support effective relationships between internal and external audit, inspection agencies and other relevant bodies and encourage the active promotion of the value of the audit process;
- To undertake the annual review of the council's use of the Regulation of Investigatory Powers Act 2000 (RIPA), ensuring compliance with the Code of Practice; and
- To maintain and make changes to the council's Financial Regulations and Financial Procedure Rules (without reference to full council).
